

PROJECT SHEET

Project	Commuter Car Parking
Location	Newark Appleton Gate
Client	Tanvic Group Limited
Architect	In house
Value	£120,000.00
Contract	Simple Contract
Procurement Route	Negotiated Design & Build
Completion Date	June 2010

The project comprised the demolition of existing structures on a brown field site and the construction of a new commuter car park including drainage, lighting, asphalt surfacing and access control.

Arisings from the demolition were crushed, graded and recycled for use in the works.
