

Project Sheet

Project	Science Block Refurbishment
Location	Grimsby
Client	Humberston Academy
Architect	Cassidy & Ashton
Value	£500,000
Contract	JCT Minor Works Building Contract
Procurement Route	Competitive Tender
Completion Date	July 2013

The works consisted of the refurbishment of the science block and included asbestos ceiling removal, minor structural alterations and builder's works, new windows and doors, mechanical and electrical installations and associated finishes and coverings.

In addition the main flat roof was stripped off and a new insulated roof structure installed along with a new Sika liquid coating and roof lights.
